

SPI 2011

Carl Jung said, "Who looks outside, dreams; who looks inside, awakes." With Schletter at SPI, you can do both! Schletter will have 2 booths at SPI — one inside, one outside.

Inside — Booth #5145:

- NEW software for residential and small commercial applications for ordering ease-of-use
- NEW PvSpin for quick module cleaning
- NEW Helios software for mapping and planning large PV arrays
- Full-size Park@Sol Solar Carport on display
- Bavarian beer garden!

Outside — Booth #100-OD:

- GAYK pile driving ram on display
- See the NEW tractor-trailer
- Ground mount FS System for large PV systems
- Talk installation technique with a Schletter construction team member
- Discuss soil testing for ground mount systems with a Schletter geotechnician

Save the Date: 19.10.2011

Schletter's Exclusive SPI after-party starts at 6:30pm.
Contact your sales representative for more information.

Can't make it to the show?

You can still be in the action!

We will broadcast a live webcam feed from our indoor booth for you to view at <http://www.schletter.us/event-spi-2011-live.html>

Bookmark the live feed today!

Live webinar at the show!

Participate in a live presentation via webinar of the NEW Helios 3D layout software. View the [webinar schedule](#).

Complimentary passes to SPI!

A \$225 value! Schletter has a limited number of complimentary passes to distribute. To secure your pass, contact your [Schletter technical sales](#) representative today.
